Re: 17 April 2014 Request to Terminate Committee

Dear Mr. Furman:

The Friends of Congressman Steve Stockman Committee hereby withdraws its previous request for the FEC to terminate the committee, which we believe you received on or about 17 April 2014. Our request has proven premature. Please bear with us as we work toward putting the committee in a position to be closed out.

As we have notified you under other cover, we are currently experiencing difficulties transmitting anything to the FEC electronically through the normal, secured channels.

We are sending hard copy notification in the interim to get the information to the FEC as soon as we can. Thanks for your understanding.

Sincerely,

Friends of Congressman Steve Stockman
